Course detail

Creating Better Photographs + Writing

Course code 221LRG03
 Category ARTS: Arts, Crafts, Music, Photography
 Course type Long exc holidays: Runs all Term excluding NSW school & public holidays

Detail Dates: Tuesdays 11, 18 October, 1, 15 November, 6 December. Max. 20. This course will help you create better photographs. Photography is surrounded by a lot of technical mystique. The objective is to dissolve that mystique and provide members with a clear guide for creating better photographs. The theory will be applied, producing a group Photo Essay of Moss Vale. You will learn how to plan workflow, some editing techniques to help make photographs sing out "look at me", before moving into producing top quality prints. This course runs with a writing course whose participants will write the narrative to accompany the photographs in the Photo Essay. You will research and write about them, creating a snapshot of MV 2021. We might collate this into an exhibition and a library document. The writing course follows the photo course at the same venue. While not essential, members are strongly encouraged to participate in both courses. When enrolling, please email Richard if you wish to attend only one course.
